Comments: I have a Class-1 e-bike and I use it on trails within the National Forest where mountain bikes are allowed. I purchased my e-Mtn Bike due to my disability. Without the pedal assist system I would not be able to bike and specifically bike on mountain trails. My request is to consider an exemption (if e-mtn bikes are to be banned (nationally or locally)) that persons who use an e-bike as to supplement a disability and would otherwise not be able to bike without it.
