First name: Melanie

Last name: Larsen

Organization: Bountiful Trails Advisory Committee

Title: member

Comments: I fully support the use of trails by ebikes, although I've never owned one myself. They are regularly part of my riding crew though. We ride together in harmony. The more users on the trails, the more trails will be funded, built, and maintained. Education is the key to shared use, not restrictive measures that have to be regulated and enforced. Let's just build more miles of trails for all!

Thank you for your attention to the matter,

Melanie
