First name: Phil

Last name: Fell

Organization:

Title:

Comments: I support the use of ebike usage in areas open to other forms of cycling. Ebikes are just another tool available for people to enjoy outdoor recreation on our public lands.

As an avid traditional mtn biker, ebiker, rock climber, ohv user, dirt bikers, backcountry snowboarder, hiker, outdoor recreationalist, and tax payer. I support management plans that allow for all user groups to recreate and enjoy our public lands.
