Comments: I have been riding mountain bikes for 27 years and have owned at least 10 bikes during that time. I purchased my first E bike two years ago and what a difference it has made! I still ride my acoustic bike but the E bike allows me to ride areas that I have not ridden in 10 years. I would normally ride about 500 miles a year, last year with the help of the E bike I rode over 2000. Please do all you can to allow Ebikes on all Mtb trails.

Thanks!
