First name: Walter

Last name: Myers

Organization:

Title:

Comments: I am 55 and own 2 no throttle ebikes, the bikes have opened a whole new interest in accessing wilderness and enjoying our forests and public lands.

With clear direction from land management agencies and responsible use by all bikers opening additional access to land for ebikes is a win win for all trail users.

Building and unifying recreational trail users is very important to protecting our lands from commercial and industrial abuse.
