First name: Chris & Lisa

Last name: McKeown

Organization:

Title:

Comments: We currently live in Boston Area. Fell in love with Driggs in early 80's while stationed at NPTU Idaho. We plan to build a house on our lot and retire in Driggs.

We are 100% supportive of the expansion of Grand Targhee and the overall economic development of Teton Valley, ID. We hope that the local residents, businesses, GT owners and forest service management can work together in a cooperative, well considered manner to achieve the best possible outcome for all stakeholders.
