First name: Paul

Last name: Nelson

Organization:

Title:

Comments: Please consider extending this to include class 1 and Class 2 ebikes as this would allow a much larger population of bike owners the use of forest service trails. Both classes strictly governed to 20 mile per hour.

As an avid ebiker at 67 years of age it is important that we can take a break from pedaling every now and then without fear of breaking the law. Thank You, Paul Nelson
