Comments: As an avid hiker, mountain biker, cross country skier, snowshoer, and tram rider, I take full advantage of the outdoor recreational opportunities that the Cibola National Forest and the Sandia Mountains presents. I am also the parent of 2 teens, who were very disappointed in the entertainment options available to them when we moved to Albuquerque a few years ago. Having reviewed the mountain coaster plans, I am strongly in support of this project. The impact to the mountain environment seems minimal given the planned location of the coaster. However, development of additional entertainment opportunities would definitely benefit the area. I realize that the official comment period isn't open, and may never open, but I wanted to voice my opinion as my family stands in favor of this project.
