Comments: Mr. James Simino,

I am writing this letter in support of connecting the Sauls Creek area to trail 666. Our local ATV Club, Pagosa Trail Riders, is a SW Colorado regional organization with about 60 members. We ride both Colorado and Utah trails from early spring to late fall. When we can, we prefer to ride loop trails versus dead end trails. If the Sauls Creek area gets connected to trail 666 this would become a very enjoyable loop ride. Thank you for allowing us to comment on the proposed Forest Plan.

Dennis Mingo, President PTR
