First name: Michael

Last name: Marcum

Organization:

Title:

Comments: My wife and I are avid riders both with road bikes and mountain bikes in our mid 50's. We each have an e-bike for off road use. Because we are at different fitness levels my wife sets her assist level to offset our difference in abilities. These bikes have allowed us to spend more time together.

Allowing Class 1 pedal assisted e-bikes open up the trails to people like us.
