Comments: Please don't allow e-bikes on non-motorized trails. There are already hundreds of miles of trails in the forest that are open to motorized vehicles. E-bikes are motorized and should use those trails. E-bikes can move at very fast speeds and catch hikers unaware. E-bikes can cause significant damage, eroding trails into v-shaped ditches that make for difficult hiking. They disrupt the tranquility of a quiet walk in the forest. Please keep our trails safe and non-motorized.
