Comments: Wyoming stays consistent with the 27 other states that treat ebikes as regular bicycles. Please consider these state laws when determining how you will treat Ebikes on federal property within the state of Wyoming. Being a disabled vet in riding an Ebike, allows me to go places that I would not be able to ride a regular bike. My wife, also being disabled, rides an E bike and this would be a great value to both her and myself to be able to ride within the national forest located here in Sheridan Wyoming.
