Comments: I fully support access by Class 1 E bikes to any location pedal bicycles are Currently allowed. I am 65 years old and my E bike has given me a new lease on life and has improved my health and fitness beyond belief. I had stopped riding due to health reasons but can now enjoy the outdoors again. I do not ride reckless (I am old enough to know it hurts when you fall off) I still get passed by young guys in full face helmets and motocross gear so why not outlaw them ?

I fully endorse a max speed limit for all riders to allow for enforcement of safety.

A reasonable compromise needs to be reached, the E bike growth has taken off should be embraced.
