Comments: EBikes are currently divided into 3 classes with Class 1 eBikes limited to pedal assist only and 20mph maximum. As a daily mountain bike rider and trail builder I've personally witnessed the increased access and enjoyment these eBikes allow for many riders that would not have access otherwise. Also, they do no damage and have no greater impact on the trails than non-pedal assist mountain bikes. My recommendation is that Class 1 eBikes be granted the same access as all mountain bikes. Thank you!
