Comments: I would like to express my appreciation for the change to allow class 1 e -bikes where regular bikes are allowed. I am now able to go on MTB Rides with my family that my health and age limited me from doing until this past year. My e-MTB helps me keep up with my family on climbs instead of walking my bike up them, and not impede the flow of bikers. I am able to enjoy the beauty of the mountains as I once did before my autoimmune condition and injuries started 5 years ago.

I fully support class 1 e-bikes to be treated as a regular bike and allowed access to all trails and roads as regular bikes now have.

Thank you for all your efforts and support!
