Comments: Please please don't close more roads and trails. I have more than one disability and with so many private lands requiring permits and leases I'm running out of places I can go. I hunt, fish, cut fire wood and even removed rocks from that area(yes with a permit). I can't hike miles or bicycle but I can drive a ways up behind those beautiful mountains and walk in to lush meadows and huckle berry patches. I soon will be a grandpa for the first time and if love to take my grandson to the places I love. Don't rob me of those memories. I'm not complaining about the area being closed half the year or the poor maintenance of the roads but to completely destroy the only access people with disabilities have access is wrong. rich people hiring guides and the young and healthy have areas I can't get to or afford but I thought we were all equal on public lands. Please leave the roads and trails as they are.

Thanks

Dave
