Comments: Please open all Federal Land to E-bikes. I have been riding an E-bike for two years now and the reasons people use to keep E-bikes out of areas are just not true. my ebike does not make any sound except for a slight hum that other riders would never be able to hear. I cannot spin my tires any more than i can on my non ebike. I understand there is a tremendous amount of hatred toward ebike riders but this is not a valid reason to keep us off trails. I implore all of the decision makers to spend 15 hours on an ebike before deciding.
