Comments: I would like to see E-bikes allowed on all numbered FS trails and roads on National Forest Land. The forest is a multi-use forest.

I ride a class 1 e-bike. It is a electric pedal assist (no throttle) limited to a 20 mph maximum speed.

I currently ride FS numbered roads and trails. I have never experienced any conflict with other users.

I do not support any form of Permit system or limited access beyond those currently in place. I believe the e-bike has zero impacts on the trails and very low (if any impact) on vegetation or wildlife.
