Comments: I am a season passholder and frequent all season user of Grand Targhee resort. I love The Ghee in it's current iteration and am very concerned that expansion will change the character of this lovely place and I am worried that there will be social and environmental harm. I want to see Grand Targhee resort thrive into the future but I think it needs to be in concert with the health of the national forest, the wildlife, and the local community. I think the letter that VARD sent to the National Forest Supervisor on October 12 is a very thorough list of the elements that should be addressed.
