First name: Norm

Last name: McGuire

Organization: Back Country Horsemen

Title:

Comments: I feel that E-bikes are just as motorized as any other motorized vehicle just propelled by another source. Due to the speed that they can travel it is my opinion that they should not be allowed on any trail that is not already designated non-motorized. As an equestrian I feel they are a danger to hikers and equestrians and there are already plenty of motorized trails for them to enjoy.

Thank you.
