Comments: We have owned property in Yellow Pine for the past 10 years. During this time we have had many opportunities to interact with representatives from the Midas Gold Stibnite project.

We have been very pleased with what Midas has done for the Village of Yellow Pine.

The people we have met have always been extremely respectful of our property and seem to always be looking for ways to make a positive impact on our community.

We feel this mindset will be carry forward to the Stibnite project and can foresee only a good outcome. Our country needs to utilize its own natural resources in every possible way.

Thank you for the opportunity to express our opinions.
