Comments: Hi,

I am a 64 year old and my husband is 67. We love to bike, but as we have gotten older getting harder to do some of the trails in Gunnison, county and around the area. We have rented bikes and loved how we still got great exercise but could go farther and harder. We have biked using ebikes on BLM land. It would be great if we could also use forest land.

We hope you make a change.

Thanks
