Comments: I'm a long term cyclist, hiker and general lover of the outdoors. My family and I now ride both pedal and electric pedal - assist bicycles for recreation and occasional transportation. We support adopting rules to allow electric bicycles in all areas where pedal bicycles are currently allowed.

We may also consider trail development for future focusing on enhancing and improving line of sight in corners and trail width in some higher traffic areas. To both keep the peace amongst users and to accommodate the increased trail use you should expect in the coming years.

Thank you for this opportunity to comment. Good luck!
