Title:

Comments: I am a 70 yr. old retiree with a bad knee. My family and I love to bike together and the E bike I purchased helps us all enjoy the outdoors together. The bike I reference is a pedal assist only E bike. I can't spin the wheels, can't burn rubber, or preform any of the motor cycle stunts that could cause destruction of any Mt. bike or NFS trails. I feel strongly as our population ages and we "Boomers" continue to feel the aches and pains of advanced years it is imperative the government allow us to enjoy all the that the NFS has to offer in the way of cycling. I'm hoping areas we love, like the Moab area, will allow us to enjoy any and all trails available to regular bikes.
