First name: David

Last name: Hood

Organization:

Title:

Comments: I'm over 50 with two kids who participate in two sports each. I no longer have time to train my aging body to be fit enough to climb the hills but I still love the adventure. I'm asking to legalize Class 1 only. I'm just looking to not be a hindrance / danger pushing my bike up hills. I'm also a mountain unicyclist so I know plenty about keeping the flow of traffic and trail etiquette. I help build the trails I ride. There is simply no good reason you should outlaw class 1 mountain bikes.
