Comments: Really bad idea. Understand the intent or purpose of this but it will make things far worse than they already are. The e-bikes will obviously seriously disturb the natural wildlife and qualities of the area(s). From the management logistics point of you, do you really want to have to deal with all of the idiots who get out on e-bikes and end of getting in trouble/injuring themselves and/or others? Save everyone a lot of time, money, and hassle and drop this topic right now. Keep the wild wild.
