First name: Dennis

Last name: McIntyre

Organization:

Title:

Comments: OMG please do not allow E Bikes into the parks those bikes can go up to 25 MPH , their tires are bigger than motor cross bikes spewing dirt all over and ripping up the ground and grass

I am a bicyclist (no batteries, just leg power) most E bikers I have seen do not follow the standard rules of biking nor even wear helmets

Please do not allow them access in our parks
