

Data Submitted (UTC 11): 10/21/2020 7:39:19 PM

First name: Peter

Last name: Bahls

Organization: Northwest Watershed Institute

Title: Executive Director

Comments: Northwest Watershed Institute does NOT support expanded e-bike use on National Forest trails. These are a form of motorized transport and will cause additional impacts on sensitive resources, trails, and wildlife disturbance. In Wilderness Areas, use of e-bikes also violates the spirit and intent of the Wilderness Act.
