First name: James

Last name: Larson

Organization:

Title:

Comments: DON't MINE THE SOUTH FORK. Or any of the Salmon's for that matter
PLEASE!

This is truly one of God's best creations. Mining here would not only be a slap to the face to the ENTIRE outdoor activity that resides in this part of the world, but it would be a big middle finger to the big man upstairs.

Keep the South Fork (and all of the Salmon) free of mining.
