Title:

Comments: The Forest Service proposes to continue classifying e-bikes as motor vehicles, which is good.

However, we're concerned that it appears that the reason for the rule is to allow e-bikes on non-motorized trails in the future because the agency is treating e-bikes differently than other motor vehicles. That could conflict with the agency's own Travel Management Rule and has the potential to impact the environment, so the agency should analyze such a proposal under the National Environmental Policy Act.
