Comments: Please DO NOT ALLOW EBIKES in wilderness areas. The motors are going to create noise and humans will crash and probably kill innocent wildlife and damage habitat. This is irresponsible to allow use of ebikes in areas where critical habitat would be damaged by even just the noise the motors create let alone human accidents and what sort of damage would occur. PLEASE PLEASE PLEASE DO NOT ALLOW EBIKES!!!! Just say no. Humans need to learn that as guardians of this planet WE MUST DO BETTER NOW! There will only be more and more people and we must protect our natural resources for the future not get lost in stupid and reckless, damaging behaviors.
