Title:

Comments: I'VE BEEN FOLLOWING THIS PROJECT SINCE ABOUT 2016. I THINK THAT WITH TODAY'S TECHNOLOGY IN THE MINING INDUSTRY, AND THE SUPPORT STAFF THEY HAVE BEHIND THEM IT'S A WIN FOR ALL PROJECTS. THE ANATOMY THAT THEY HAVE WILL HELP US GET A LITTLE BIT AWAY FROM CHINA, WHICH IN ITS SELF SHOULD BE A NO BRAINER. I'M SURE THE MILITARY HAS USES THAT WE DON'T KNOW ABOUT, NOR SHOULD WE. THE GOLD AND SILVER IS A BIG PLUS OF COURSE. WE CAN NEVER HAVE ENOUGH, ESPECIALLY AS OTHER COUNTRIES ARE ALSO ACCUMULATING A STOCK PILE FOR THEMSELVES IT SEEMS TO BE. GETTING BACK TO THE NATURE OF THE GROUND, AND THE FISH, I THINK IT SHOULD BE HATS OFF TO ALL INVOLVED. I THINK FROM FOLLOWING IT AND THE INVESTMENT THEY HAVE IN IT THEY DESERVE ALL THE REWARDS THAT IT HAS TO OFFER TO THEM FOR EVEN WANTING TO TAKE ON A PROJECT THIS SIZE. THANK YOU TO MR. PAULSON, AND BARRICK GOLD FOR THEIR HELP IN FUNDING THE PROJECT. 200 MILLION TONS OF ANTONMY, CHINA CAN, WELL YOU KNOW THE REST. GOOD LUCK IN GETTING PERMITTING, AND HAPPY FISHING. JACK WARREN
