First name: Greg

Last name: Barnes

Organization:

Title:

Comments: I'm a road and mountain bike cyclist, and the idea proposed here seems reckless. There is no way to make an e-bike rider accountable for any damage done while riding through forested lands at speeds faster than any other mode of transportation currently allowed in these same lands. This will lead to faster & worse erosion and damage to plants, animals & trails. I'm opposed to this plan.
