Comments: Aloha,

I'm a hiker and prefer trails w/o bikes of any kind. Bikes disrupt the peaceful atmosphere. But the biggest issue is they destroy the trails. Atleast w/ a pedal bike, the rider goes slow or walks the bike uphill. E bikes can speed both up & down the hills. Erosion of trails happens coming & going. Bikers also like to manipulate trails w/ baked curves & ramps for jumps etc.

Please DO NOT approve e bikes!

Mahalo,

JN
