Comments: I oppose the Forest Service's proposed rule to open up my National Forest lands to additional e-bike use for the following reasons:

-bikes must continue to be treated as motor vehicles, not bicycles. New e-bikes are being developed now that will drive up to 55 mph. E-bikes must travel only where motor vehicles are allowed.

This proposed rule suggests likely environmental impacts that should be fully evaluated through an environmental impact statement (EIS) under the National Environmental Policy Act (NEPA).

The proposed rule appears to set up conflicts with the Forest Service's Travel Management Rule (36 CFR 212 et seq).
