Comments: None of you responsible for taking action in this matter have ever seen the damage these bikes can do to the terrain and to the animals. You will not be able to control what they do or when they do it. I ask that you not allow any type of vehicle into these areas as it will only cause harm. Believe it or not, money is not the answer to all things and it will not help the image of your organization to continue to promote actions like this. Please refuse to allow any motorized vehicles in any parks.
