Comments: I oppose the Forest Service's proposed rule to open up National Forest lands to additional e-bike use because:

- (1) e-bike use disrupts the serenity of the forest environment making it less friendly for me or other living things,
- (2) e-bikes can be very noisy, and
- (3) there is additional expense for rangers to enforce e-bike rules which will be difficult and compete for their limited time with other tasks.

Thank you for considering my thoughts.
