First name: Rosemary

Last name: Graham-Gsrdner

Organization:

Title:

Comments: I am vehemently opposed to this proposal As it is, human animals do not respect the rules of nature and also of sanitation, leaving tons of rubbish behind.I am an avid hiker as a Travel Facilitator for foreign visitors to the US and am appalled about the lack of respect of the visitors. Most do not respect rules and some even lose their lives doing it. Just recently, a visitor to Horse Shoe Bend in AZ lost his life by falling off the cliff. i have a resounding NO to electri bikes.
