First name: Aaron

Last name: Johnson

Organization: Go Huck Yourself LLC

Title:

Comments: I am an owner of a bike shop. Have built numerous trails as well. The Ebikes in my opinion do no more damage as a normal bicycle. Also the noise impact is not an issue on current Ebikes.

This last weekend I was in Hood River Oregon I was able to witness 6 different 60+ individuals climbing and descending. Enjoying our public lands well past when they would "probably" normally be able to.

Please allow the use of these bicycles on our public lands.

Thank you.

A.J. Johnson
