Comments: E-bikes must continue to be treated as motor vehicles, not bicycles. New e-bikes are being developed that will drive up to 55 mph. E-bikes must travel only where motor vehicles are allowed. Because there is almost no enforcement now for trespass, illegal off-trail riding, and illegal trail development by some bikers, e-bikes will likely increase trespassing into Wilderness and other protected areas. This illegal use will degrade the wild character of these lands and should not be encouraged! Please do not allow e-bikes into our National Forests!
