First name: Adam

Last name: Angelona

Organization:

Title:

Comments: I support the views of IMBA with respect to ebikes. This is very important! Folks like myself have worked for decades to not only gain access, but literally build the trails. Our trails were built purposely for non-motorized bicycles. A motor is a motor, it's that simple. I appreciate your help maintaining the integrity of our sport of mountain biking, more specifically non-motorized bicycles.

Thank you!

Adam Angelona

mountain biker since 1992
