Comments: I ride a class 1 ebike for many reasons. I have been mountain biking for many years racing/recreation, I'm now 73 years young and still ride most days due to the ebike. I'm able to ride with family and friends that are much younger, which is a blessing. I have also beat cancer but with damage to both lungs so breathing can be an issue. Without the class 1 bike I would no longer be able to enjoy the outdoors and friends. I think the class 2&3 are a bit dangerous for the amateur and could cause problems in the parks. Please allow me to continue my passion on a MTB!
