Comments: I am a mountain bike enthusiast but have not owned an eMTB. Riding my local mountain bike trails in Ashland Or. I have encountered many eMTB and these are my comments.

1. The 3 class system should be adopted for eMTB
2. Class 1 eMTB should not be categorized as motorized
3. Class 1 eMTB should be allowed on non-motorized trails

Thank you very much for considering my comments.
