First name: E.G.

Last name: Hawk

Organization:

Title:

Comments: EMTB are motorized vehicles. Please do not allow them on Non-motorized trails. Ebikes ruin the experience for mountain bikers and also tear up the trails. We have them here and within two months of local approval, they were running around like dirt bikes, souped up motors, racing uphill, scaring horses and other bikers. Please stick to your rules and only allow them on motorized trails
