Thank you for the opportunity for the public to engage on FSM 7700 and 7710, which would revise Forest Service directives to update and clarify guidance on management of electric bicycle (eMTB) use on National Forest System lands.

I fully support IMBA's position on this: that the rules be modified so that Class 1 eMTBs be allowed on non-motorized trails, but that no other eMTB class or motorized vehicle be allowed on said trails.

Sincerely,

Dean
