First name: Joshua

Last name: Eggar

Organization:

Title:

Comments: As an avid mountain biker for the past 15 years, and as a local trail maintainer/builder, I advocate AGAINST allowing any motorized vehicles on trails currently set aside only for non-motorized use. I am also AGAINST eMTBs on trails that are currently reserved for non-motorized use.

Motorized vehicles, to include eMTBs, cause excessive erosion, widen paths into nature areas, and cause speed disparities between riders that would render co-use as unsafe.

Thanks for your time!
