Comments: I would like to comment in support of allowing ebikes on forest service lands. As a dad of two kids (9 and 7 years old), it's our #1 way of getting out of the house and mountain biking. We live in Ashland, OR which has great downhill trails but zero cross country kid friendly trails. We are forced to climb (or car shuttle) long climbs. I'm able to tow both of my kids with my ebike. If ebikes were not allowed, this would require my wife to shuttle us (which is not usually an option) or we just couldn't ride. Please don't limit ebike access and kids access to trails. Thanks
