Comments: I oppose the Forest Service's proposed rule to open up my National Forest lands to additional e-bike use for the following reasons:

E-bikes must continue to be treated as motor vehicles, not bicycles.

Because of their speed and quiet nature, e-bikes can travel much farther into the backcountry, and startle and disturb wildlife over far greater distances. E-bikes also conflict with other nonmotorized trail users like hikers, horseback riders, and bicyclists.

Because there is almost no enforcement now for trespass, illegal off-trail riding, and illegal trail development by some bikers, e-bikes will increasingly trespass into Wilderness and other protected areas with no consequences. This illegal use will degrade the wild character of these lands and should not be encouraged as this rule will do. The Forest Service should withdraw this proposal.
