Comments: Treat class 1 e-bikes as bikes. Do not make a distinction between e-bikes whether MTB or regular e-bikes. As a mountain biker it's hard to see how a class 1 e-mtb is significantly different from a normal Mtb on trails.

Treat class 2 and 3 as a new class of motorized vehicles separate from motorcycles. Class 2 and 3 e-bikes are great transportation vehicles for hunters and should certainly be allowed on non-motorized trails after environmental review.
