Comments: Forest Service, please withdraw this proposal. Isn't wilderness designation supposed to mean actually protecting wilderness? PLEASE DO NOT ALLOW E-BIKES ON NON-MOTORIZED TRAILS ON PUBLIC LANDS. THANK YOU!

For far too long conservationists have ignored the threat that mountain biking poses to wildlands, wildlife, and Wilderness. Research shows that like all recreation, mountain bikes displace wildlife, and because they travel farther and faster than hikers or equestrians, they can impact a much greater area in the same amount of time. E-bikes can travel much farther into the backcountry in less time, and startle and disturb wildlife over far greater distances. E-bikes also conflict with nonmotorized trail users like hikers, horseback riders, and bicyclists. NOT GOOD!
